

Effective 6 September 2025 AT 8PM Eastern Daylight Time, Soldiers will no longer be able to request TA for future dated FY25 courses (a start date between 1 October 2024 through 30 September 2025) in ArmyIgnitED due to the Army's fiscal year closeout. Soldiers with term start dates between 6 – 30 September 2025 must submit their TA Request in ArmyIgnitED before the FY closeout. There will be no exceptions granted.

This does not impact TA Requests for courses starting on or after 1 October 2025 (FY26). Soldiers may continue to create TA Request for courses beginning in FY26, 1 October 2025 and beyond, 60 – 7 days in advance of the course start date. However, FY26 requests are subject to the availability of funds.
